

Tomlinson provides 24-hour emergency response services for environmental spills throughout Eastern Ontario and Western Quebec. Our quick response time and expertise have earned us a reputation as the go-to resource for environmental crises.

Expertise

With our highly trained and qualified staff, Tomlinson ensures seamless and effective spill response times and site management. As a full service environmental response contractor we deliver a worry-free solution and handle all aspects of the process including liaising with the Ministry of Environment and contractors, clean-up, waste management, contaminated site remediation, and paperwork.

Remediation

Tomlinson provides remediation services, from small petroleum spills to large-scale Brownfield re-developments. Tomlinson's specialists will partner with you to develop an appropriate and feasible remediation plan, including:

- Off-site and on-site remedial options
- Off-site disposal of contaminated soil & water
- Decommissioning and removal of underground fuel storage tanks
- Compliance with all government & provincial regulations

Integrated Infrastructure Services

- Heavy equipment
- Extensive fleet: dump trucks, tractor-trailers, vacuum units, straight trucks, tanker trailers, roll-off bin trucks
- Aggregates & concrete
- Water & sewer
- Asphalt paving
